I hope and pray that all of you involved in the theft of the American people's vote in this election are brought up on charges. If nobody goes to prison or is hangged for this, this country is doomed.

Hey socialist election directors assholes,

You are involved in what appears to be massive fraud. You worked with Twitter? To do what? You mother fuckers need a lesson taught to you. Gets the audits done or the people will take matters into their own hands and expose your treasonous bullshit from 2020. Then you'd better have a fast horse.
